DISCUSSED WORLD PEACE FIFTY YEARS AGO

Pleas for universal world peace are not of modern origin, and as long as fifty years ago essays were written and eloquent pleas delivered from college rostrums in favor of universal peace for a war-torn world. The Louisville Times of Wednesday reproduced in its columns a program of the commencement exercises held at Centre College, in Danville, on June 17, 1875. On this program appeared the name of J. T. Vansant, then a young student from Flemingsburg, now Dr. J. T. Vansant, of Paris. His subject was "Peace As An Element of Power." J. C. Barrett, of Louisville, seemed gifted with prophetic vision of the future, as the subject of his oration was "Congress of Nations For The Prevention of War." Others on the program were H. H. Grant, afterward a prominent surgeon of Louisville; Breckinridge Jones, of Danville, now President of the Mississippi Valley Trust Co., St. Louis; Richard P. Ernst, of Covington, present United States Senator, and John Marshall, Louisville attorney.

JEWISH RELIEF CAMPAIGN STARTS

Quota of \$25,000 For Bluegrass Region Will Be Raised By Saturday Night

WM. SHIRE LOCAL CHAIRMAN

LEAD JEWISH CAMPAIGN

The Jewish people of Kentucky are conducting a campaign to raise money to help the starving and destitute Jewish people in Central and Eastern Europe. Because of the unusual appeal and the belief that people of all faiths will be glad to give to this cause, contributions from non-Jews will be gratefully received and acknowledged.

Kentucky's quota in the campaign is set at \$150,000. Of this amount \$100,000 is to be raised in Louisville and \$25,000 in the Bluegrass region. There is every indication that Kentucky, like every other State taking part in this nation-wide campaign will go over the top and far beyond. An item was recently sent out under a New York date line conveying the impression that the national quota of \$14,000,000 had already been reached and passed. What was meant was that when all State campaigns were completed this sum would probably be reached. Kentucky is one of a number of States in which the campaign is just being put on and the money is yet to be raised.

At a meeting held in Lexington, Sunday afternoon, attended by representative Jews from all the towns in the Bluegrass section, between 30 and 35 per cent. of the quota assigned was pledged in a short time. The meeting held in the Masonic Temple, was presided over by Jonas Weil, District Chairman. Mr. Weil stated that several large subscriptions were included in the amount, and that during this week all the committees would be at work among the people of the Bluegrass, and that the full quota would be raised by Saturday. The chief speakers at the meeting were Rabbi Joseph Rausch and Hon. Benj. Wash, both of Louisville.

Paris is represented on the Bluegrass committees by William Shire, as local chairman. Isaac L. Price is a member of the State Advisory Board. The work of soliciting funds will be carried forward in the city and county until the quota assigned has been raised. Paris and the county will, of course, "go over the top," as that is a kind of thing in which we have taken great pride. The funds are to be used on Jews and non-Jews alike, and, although the Jews are directing the active campaign and have undertaken the heavy responsibility of raising the fund and distributing it among the starving children of Europe, non-Jews, as well as Jews, are asked to contribute to the fund.

HIGH SCHOOL LYCEUM COURSE

Saturday evening, March 18, the largest audience that has been in the City School Auditorium in recent years, heard Mr. DeJen, the magician, give a splendid entertainment and heard the announcement of the coming of "The Sorority Singers," Saturday night, March 25. It has been a long time since the people of this community have had presented to them a more attractive program than "The Sorority Singers" will bring. The course is nearing an end, only two more numbers.

If you have a season ticket use it Saturday night. If you haven't a season ticket you can get a single admission ticket from some teacher or student during the week.

The students and teachers are trying to make March 25 the high-water mark from the standpoint of attendance during the entire course.

"AT THE FRONT," OFFICIAL WAR PICTURES, HERE MARCH 23-24

The picture you have been waiting for, "At The Front," official war pictures photographed during actual battles, to be shown at the High School Auditorium, 3:15 p. m., and at The Alamo 7:00 p. m., Thursday and Friday, March 23 and 24. Auspices of Bourbon Post, American Legion. Secure tickets early. Adults 50 cents; children 25 cents.

HOORAY! HOORAY! NOW PLAY BALL!

Blue Grass League Finally Organized With Mt. Sterling and Winchester Completing Deal

LEAGUE SEASON OPENS APR. 23

Thursday night's meeting of the club moguls of the new Bluegrass Base Ball League might have been termed a "harmony" session, for with splendid spirit of co-operation shown on all sides the league was for once and all time organized under the protection of the National Base Ball Association.

Six clubs, Lexington, Maysville, Winchester, Paris, Cynthiana and Mt. Sterling, have entered the base ball futurity and all teams were represented at the Phoenix Hotel conference in Lexington.

Each team in the circuit will play fifty games during the season, one every Thursday and one every Sunday, beginning April 23 and continuing through October 12.

Thomas M. Russell, of Maysville, formerly at the head of the old Blue Grass and Ohio State leagues, was elected president with E. L. Willett, of Maysville, secretary-treasurer. J. A. Estes, of Lexington, was appointed official statistician.

A clause in the constitution adopted Thursday night prohibits any club from having more than sixteen men under contract at any time during the season. The salary limit for the clubs was set at \$650 per month which does not include the playing manager's fee.

Mt. Sterling and Winchester, which had been rather hesitant about entering teams in the loop were visited Thursday by delegates from Lexington, Maysville, Paris and Cynthiana, and were lined up. In Mt. Sterling, H. G. Hoffman is organizing a stock company to raise funds for the team. The chamber of commerce there is also supporting the movement.

J. S. Baskett and Chas. Vallandingham, of Winchester, are behind the club in the Clark county seat. Vallandingham, a former Blue Grass leaguer, will have the role of playing manager.

A stock company was organized in Cynthiana three weeks ago and it was announced at the meeting that all stock had been disposed of. The officers of the Cynthiana club are: Wood Taylor, president; John S. McDaniel, secretary, and John S. Lenihan, business manager and treasurer. No playing manager has been selected to date by the Cynthiana directors.

B. F. Goodman has been named playing manager of the Paris club and is on the trail of a number of fast performers to bolster up his team. Lexington and Maysville and Mt. Sterling have not signed up playing managers.

The opening games to be played on April 23 are as follows: Maysville at Winchester; Paris at Lexington, and Cynthiana at Mt. Sterling.

Those present at the meeting Thursday night were: President Tom Russell, Claude Watkins, Dr. J. S. Hutchings, E. L. Willett and Ben Middleman, of Maysville; B. F. Goodman and Geo. D. Speakes, of Paris; S. Reese, of Cynthiana; J. S. Bassett, Winchester; Harry G. Hoffman, Mt. Sterling; J. S. Morton, S. J. Amato and L. M. Perkins, of Lexington.

P. H. S. TO HAVE BASE BALL TEAM

A base ball team has been organized at the Paris High School under the coaching of B. F. Goodman, former members of the old Blue Grass League, and one of the organizers of the new League under the same name. Practice has begun and the players have been supplied with uniforms. A schedule of games with teams from Central Kentucky high schools will be arranged.

CIRCUIT COURT RESUMES WORK

Special Judge Bailey Believes In Speeding Up Attorneys And Others in Court Matters

CASES UNDER ADVISEMENT

Following the closing of the Musson case Thursday the case of Wilson Wilder, former Louisville & Nashville conductor, charged with having liquor in his possession for the purpose of sale, was called, and occupied the time of the Court through the morning hours. The jury returned a verdict giving him forty-five days in jail, and assessed a fine of \$300.

The case of L. T. Leach, on a charge of violating the liquor laws, was continued until the June term of Court, on account of absence of several important witnesses.

In the afternoon the time of the Court was taken up with arguments in a number of equity cases. On Saturday arguments were heard by the Court in the case of citizens of Paris vs. the Paris Water Company. These cases comprise joint injunction suits brought by the citizens of Paris through the Paris Commercial Club, restraining the Paris Water Company from charging rates in excess of those in vogue during the past few years. The increase in rates, which was made by the Water Company last year, amount to about forty per cent. more than the war prices.

County Judge George Batterton represented the citizens of Paris, while the Water Company's interests were in the hands of E. M. Dickson, Robert C. Talbot and Wade H. Whitley. The Court took the case under advisement, and a decision is expected this week. Whatever the decision may be it is thought the case will be appealed.

The case of James McClure, administrator of the estate of the late W. W. Massie, who filed a suit to force a settlement of the estate of Mr. Massie's son, the late Wm. C. Massie, and to have the estate divided among the heirs, was argued before the Court by attorneys Bush and Hunt, of Lexington, and Denis Dundon, John J. Williams and Talbot & Whitley, of Paris. The argument was continued to Monday.

In the Wilson Wilder case, in which the defendant, by his counsel, made a motion for a judgment notwithstanding the verdict, the Court overruled the motion. Attorney E. M. Dickson, representing the defendant, then moved for an arrest of judgment. This motion was overruled also, and the defense was given three days in which to move for a new trial.

The Grand Jury made its first report yesterday afternoon to the Court, returning eighteen true bills for various offenses, and remained in session for the consideration of other business presented.

Defendants in the following cases were brought into Court and pleaded guilty, their cases being assigned for trial to-morrow: Commonwealth vs. Charles Jones; same vs. William Warren; same vs. Jimmie Heuard; same vs. James Burton; same vs. Ross Morris; same vs. Sidney Johnson.

Arguments in the cases of the citizens of Paris against the Paris Water Company, continued from Saturday's sessions, were resumed yesterday morning being concluded. Judge Bailey returned a decision in part, up to a certain point, to the effect that the rates charged by the Water Company were higher than those prescribed by an old city ordinance, and that any consumer could bring suit for all the consumers.

BUY MAYSVILLE STORE

Posner Bros., operating shoe stores in Paris and Maysville, and at Middletown, Ohio, have purchased the three-story business house on Second street, in Maysville, occupied by their store, for about \$16,000. Ben Posner is in charge of the Paris store, Jake manages the Maysville house, while the firm's affairs in Middletown, Ohio, are looked after by Charles Posner, all three good business men and good citizens.

BASKET BALL

The Paris High School basketball teams took the measure of the teams representing the Cynthiana High School in the games played on the Y. M. C. A. gymnasium floor Friday night. The local boys won their game by a score of 34 to 22, and the Paris Hi girls playing a splendid game, came out victors in their contest with the Cynthiana girls by the score of 13 to 12. In the boys' game Tucker starred for Paris, and Wigglesworth for Cynthiana, making fourteen points.

The alumni of the Paris High School will play a game on the local Y. M. C. A. gymnasium floor to-night at seven o'clock with the regular team of the P. H. S. Four of the University of Kentucky basketball stars, Lavin, Hayden, Rice and Kenney, will be on the alumni team. The game will be refereed by Atkins, of the University of Kentucky.

Last Friday night the Paris High School basketball teams played their last games at home, and were victorious over their Harrison county opponents in both games. Baldwin, Hall and Wallingford featured for the Paris girls, while Jameson and Garnett starred for the visitors. The teams presented the following lineup: Paris—Rule (3), Hall (8), forwards; Baldwin (2), center; Rose and Wallingford, guards; Cynthiana—J. Jameson, K. Jameson (6), forwards; Garnett (4), center; D. Jameson (2) and Tucker, guards. Score 13 to 12; Referee, Nash, of Georgetown College.

The boys' team won by a larger margin, the score being 34 to 22. Tucker, Rose and Clark played the best game they have played this season, while Wigglesworth and Boswell did best for the visiting team. The line-up follows: Paris—Tucker (14), Rose (8), forwards; Meglone (4), center; Clark (4) and Wright (4), guards; Cynthiana—Wigglesworth (14), Well, forwards; Boswell (4), center; Oldham (2) and McIlvaine, guards; Score, 34 to 22; Referee, Nash, of Georgetown College.

In the game played by the smaller girls neither side scored, and the Neil Robbins.

TO ATTEND MEETING OF COMMERCIAL ORGANIZATIONS

An invitation has been received by Secretary Harold Harris, of the Paris Commercial Club, through C. Frank Dunn, secretary-manager of the Lexington Board of Trade, to the officers, Board of Directors and members of the local organization, to attend a meeting of commercial organization executives, to be held in Lexington to-morrow.

The meeting will be in the nature of a business conference, with a noonday luncheon served in the dining rooms of the Phoenix Hotel. The purpose of the meeting is to discuss fundamentals of commercial organization work. The meeting to-morrow will be the third of the kind, the first having been held in Mt. Sterling, in January, and the second in Paris in February.

APPELLATE COURT REVERSES CASE FROM BOURBON

The Bourbon Circuit Court was reversed Friday by the Court of Appeals, at Frankfort, in the case of B. M. Renick against Charles P. Mann and Hiram S. Redmon. Mann and Redmon, real estate brokers, entered into a contract with Renick to sell his residence in Paris, at the fixed sum of \$13,260, with the understanding that they were to receive a commission of \$260.

The brokers secured a buyer for \$12,500, but Mrs. Renick, in whose name the title was vested, declined to sign the deed. Mann and Redmon were allowed the commission by the lower court, which the Court of Appeals said was in error.

Fire, Wind and Lightning Insurance. THOMAS, WOODFORD & BRYAN

ball was kept in transit at all periods of the game. The line-up follows: "Blacks"—E. Whitley and Savage, forwards; Buchanan, center; Collins and Redmon, guards; "Reds"—Hancock and Redding, forwards; Varden, center; Christman and Hinton, guards; Referee, Miss Neil Robbins.

EDITORIAL FLINGS

Roscoe Arbuckle's third trial will have difficulty in getting on the front page unless it ends very differently from those which have gone before.

A new and popular song bears the title, "I'm Afraid To Call You Honey For Fear You'll Catch The Hives." And shortly we may expect, "If You'll Only Call Me Lassies, I'll Always Stick Around."

Sometimes the old maxims do not work out. For instance, sulphuric emanations from certain domestic quarters often convinces a bystander that "matches were not made in Heaven."

They are having a wine conference in France this week, and one day is to be devoted to praying for America. That will be time wasted. Unless, that is, they should manage to spill something in this direction.

A profound belief in salvation and consciousness of good works as well as good faith go far toward driving corroding care from the minds of the Paris man who must take his chances of death where boys drive motor delivery trucks at what seems to the pedestrian forty miles an hour.

The young hopeful of Mr. J. J. Veatch, District Manager of the Central Home Telephone Co., is of an inquiring turn of mind, and has been delving lately into historical matters. The day before St. Patrick's Day young Veatch inquired of his father, "Daddy, was George Washington the man who drove the snakes out of Ireland?" Daddy promptly set the young man right historically. Friday morning he was telling of the incident while in a local barber shop, when John "Pete" Cain, remarked: "Well, old George drove the snakes out of America all right, when he beat the British, didn't he?"

Does the possession of a little authority and the possession of musical genius confer on the possessors the right to make themselves a nuisance around them? The question is suggested by a little happening at the Paris Grand Tuesday night. A certain high official in the city's service and a well-known Bourbon county man who is a talented vocalist, occupied adjoining seats. The vocalist followed the orchestra, whistled, sang, kept time with his feet and hands, and succeeded in attracting the attention of all around him. And they both read the titles out loud, and kept up a rapid fire line of conversation, aloud. Again, does the possession of authority and musical genius give them the right to make themselves obnoxious?

CIRCLE EARTH IN 24 HOURS

French Airplane Manufacturer Startles Science Society With His Predictions.

SEES REVOLUTION IN FLYING

Expert Says in This Generation All Passengers Will Go by Air, With Ships and Trains for Freight.

Paris.—The announcement before the French Association for the Advancement of Sciences that in the near future airplanes would travel at a speed of over 650 miles an hour startled the conservative Frenchmen so much that they charged M. Breguet, famous French airplane manufacturer, was more imaginative than Jules Verne.

Circle Earth in Twenty-Four Hours.

In his speech Breguet said that when certain improvements that he is working on are brought to perfection airplanes will travel at a height of over six miles, where air resistance is slight, make straight flights of thousands of miles without stopping, and furnish voyagers more comforts than any modern trans-Atlantic liner.

This great speed, which, he claims, will even be tripled some day, would be greater than the periphrastic speed of the earth and would enable one to fly completely around the world in less than 24 hours. The improvements which will revolutionize flying in this manner are in the weight of the motor in proportion to its horsepower; the turbo-compressor, which he has just invented with M. Rateau, to enable motors to maintain their sea-level horsepower at great altitudes; perfection in construction metals, which will greatly reduce the weight of the planes, and the fineness of the planes. During the war the fineness of the wings was around 20 to 30 per cent; now it is about 10 per cent, while the ideal, that of the eagle, the hawk and other planing birds, is a trifle under 4 per cent.

Would Develop Speed.

M. Breguet called upon airplane manufacturers to devote themselves to the development of planes which can travel at least 2,000 miles without stopping, such as from Ireland to Newfoundland, or Bakur to Pernambuco; a minimum speed of over 200 miles an hour; every modern comfort, including Pullman accommodations so that passengers could sleep during long trips at night, and to have wireless installations to keep in constant touch with the earth and be directed by radiogonometry.

MAY USE RABBITS FOR HATS

Senator Poindexter of Washington Shows Way to Put "Jack" Pests to Good Use.

Ephrata, Wash.—At the request of Senator Poindexter, a hat factory in Massachusetts is conducting experiments to determine whether or not the fur of northwestern jack rabbits can be utilized in the manufacture of felt hats. If the experiment is successful a market for this fur can really be established, adding an incentive for killing one of the worst pests with which the northwestern states have had to deal.

Rabbit fur is now imported from Australia for the manufacture of hats and other finer grades of felt. Heretofore manufacturers have advanced the claim that the fur of the American rabbit possessed too short a hair and that the pelt itself was not firm enough to withstand the machine for clipping the hairs. Senator Poindexter discovered that former experiments had been made with the common or cottontail of the northeast. The western jack rabbit has a coat of long-haired heavy fur.

Largest Mountain Lion.

Oroville, Cal.—A California lion, said to be the largest ever seen in Butte county, was shot recently by B. A. Beavers of Merrimac. The cat measured 9 feet 4 inches from tip to tip. According to the hunters, the lion was shot from a tree near the Swayne Lumber company's camp at Merrimac after it had been treed by a number of dogs. For his catch Beavers will receive \$20 as a state bounty. A similar bounty is also given by the Butte County Cattleman's association.

Drinks Moonshine; Sleeps 14 Days. Woodland, Cal.—After being unconscious 14 days as the result of drinking moonshine liquor, Bert Drew died in a hospital here.

Shoot the "Bones" For Prison Terms

Ability to make the "bones behave" and luck determined the sentences of five colored men brought before Judge Edward Stewart in Newbern, N. C. When the five pleaded guilty to a charge of crap shooting, Judge Stewart announced that they might shoot to see what the sentence would be, the term to depend upon the fall of the dice. The results ranged between 3 and 12 months.

WHAT'S THE MATTER WITH THE PUBLIC SCHOOLS?

"What is the matter with the public schools? The only answer is that there is too much public, too little of the school. From one end of the land to the other we need more schools. More schools, so that the cherished hopes and ideals and hard work of the whole teaching force from the superintendent to the assistant teacher may serve the nation as they so sincerely aspire to and plan for."

The quotation is from "The Teacher and the Taught," an article in the March issue of Harper's Magazine, written by Grace Irwin. Every friend of the Americanization feature of the work of the public school should read it; every legislator who raises a hand or a vote against liberal support to the public school should be tied to a stake and made to listen to it. For it is not only the child of foreign parents or the child born abroad and emigrant to the United States who needs Americanization; it is the street child, the child of poverty and ignorance and wretchedness, who must have it. And it is here that he gets his first and often his only knowledge of what real American citizenship may be; here in the public school, he learns not only the three Rs, but what truth, honor and decency mean, and what the rights of others stand for in young lives otherwise lived only in selfish egoism.

Would there were more Grace Irwins and more Harper's Magazines to publish articles like this; articles which show the American public in a more grim light than that which illuminates merely pretty buildings on a West end avenue to which the children of opportunity go. For it is to the public schools down in the slums, standing often the one clean spot in a wallow of civil, political, moral and actual filth, to which boil the melting pot. And the more we know the facts, the more we read and understand the truth, the more will we demand of our city fathers that these, the cradles of American ideals for all our youth, be well made and adequately supported.

GOING AFTER THE BURLEY CONTRACT BREAKERS

Steps are being taken to prosecute those contract-breakers who signed their tobacco to the Co-operative Marketing Association and afterward slipped it off and sold it on the open loose leaf market. Fortunately there are not a great many of them but they should be made to understand that the association will not stand for any such monkey business as that. The doors are now open to let in those growers who did not sign during the first drive, but who now see the benefit to be derived from the organization and are anxious to cast their lot with their brother farmers and stand together for a living price for their crop. The probability is that when the crop of 1922 is ready for market there will not be over 5 per cent, not enough to justify the opening of a loose leaf house to sell it, hence the wisdom of getting on the boat while the getting on is good.

FINE HORSE FOR THE NATION'S EXECUTIVE

The fine Kentucky saddle horse sold to Mr. Robert F. Shropshire, of Paris, for President Harding's use, is said to be one of the finest specimens of horseflesh in the Capitol. The animal is a dark chestnut, by My Star, dam Louella, by Henry Bright.

The horse was first sold by Mr. Shropshire to Mr. Firestone, the millionaire tire manufacturer, of Akron, Ohio, for \$2,600. Mr. Firestone in turn sold it to a representative of President Harding. The President inquired very particularly regarding the home and the former owner of the horse, the information being passed on to Mr. Shropshire by Mr. Firestone.

Pope's Artificial Taste.

Even in his letters, Pope depicts scenery with a very cool admiration; and never seems to associate it with any sentiment of moral interest. Where anything of this appears, it is borrowed. The taste of Pope was evidently artificial to the last degree. He delighted in a grotto decked out with looking-glass and colored stones, as much as Wordsworth in a mountain path, or Scott in a border antiquity.—Henry T. Tuckerman.

OLD-TIMER LAMENTS TENDENCY OF THE TIMES

An old-time Paris man, who has seen the suns of many summers and the snows of many winters, listened patiently the other night while a select coterie of young fellows were settling momentous questions of state, such as evolution, the income tax, flappers, the supply of moonshine and prices therefor, and deplored the fact that "things are not like they used to be."

Old-timer couldn't resist the temptation to come in on the deal. "Yes, boys," he said, "it's pretty tough sledding. Thing's ain't as they was. But to us old fellows who have been raised on blackberries, persimmons, rabbits, cornbread and other good old things, it is a tough old time. It all depends, boys, on how you was brought up, and how 'bigotry' you tried to be during the war period, when even the poorest kind of poor folks had much money. Many a sucker bought silk shirts when all he had worn before wuz them kind that you kin git for fifty cents. Lots uv Bourbon county fellers got to drivin' automobiles when their hands wuz better fitted for handling wheelbarrows. Take the wimmen folks, for instance, also. Many uv them had their calves all dolled up in silk stockings, when all they had knowed before wuz plain old-fashioned cotton ones. Countr-bred jakes left their happy homes and moved to Paris, and tried to butt inter the upper tens, but all they got wuz a measly look-in. Now they're moving to cheaper living and sensible habits. Say, boys, the props has bin knocked frum under a whole darned lot of foolishness, and us Paris peple, at least, er gettin' back on a foundation uv common sense. An' boys' it hurts, too! But when we gits used to it agin we'll all be better citizens. We'll be glad to set up with a sick friend and divide butter-milk with our neighbors. Now, say, boys, git busy, and quit this darn crabbiness about things goin' to the bad, and help make Paris a better place to live in, and you'll feel so darned good and be kept so darn busy you won't have time to set around and grump. It'll make yer find lots uv folks full uv better cheer and human kindness. Take it from this old-timer, boys, I'm on the right side uv the fence."

And with a knowing shake of his grizzled old head he took his departure, leaving behind a lot of young men almost persuaded he was right.

NICE WEDDING PRESENT FROM AN ANCESTOR

(Cynthiana Democrat)

Mr. and Mrs. Ernest McIlvaine, who were married last week and are preparing for housekeeping in the old Andrew Garnett homestead near Robinson, received a nice wedding present from one of Mrs. Garnett's ancestors the other day. In removing a mantle-piece and hearth, throwing ashes and earth from under the hearth into a back lot. A heavy rain fell Tuesday night, and next morning Mr. McIlvaine discovered a \$2.50 gold piece shining amidst the ashes, having been washed out by the rain. The discovery turned him instantly into a gold-digger, and when he had finished with the ash heap he had unearthed 20 gold pieces of \$2.50 each. It is supposed the money was concealed under the hearth during Civil War when soldiers were frequent visitors in the neighborhood. A railroad bridge spans South Licking at the foot of the hill on which the Garnett homestead stands, and across the river are still traceable the remains of a fort which the Federal troops built to guard the bridge during the war. The presence of these soldiers probably led to the hiding of the gold. Mr. and Mrs. T. T. Garnett occupied the homestead for a number of years, and now their daughter, Mrs. McIlvaine, formerly Martha Garnett, and her husband have the place.

BIG EGGS

(Harrodsburg Democrat)

W. E. Young, Lawrenceburg, is of the opinion that an egg which weighs five ounces and measures nine inches by seven inches, laid recently, by one of his Rhode Island Red hens, is the largest egg that has ever been produced in Kentucky.

While this specimen of hen fruit is abnormally large, it is perfectly shaped and appears to be big enough for a large-size omelet.

The hen which produced the big egg within the last week has laid two other eggs that are unusually large, the two together weighing seven ounces. The two together have a total weight of three-quarters of a pound.

PARIS BOY DERIVES PLEASURE FROM RADIO

Mr. and Mrs. J. W. Hayden, of Paris, are in receipt of a letter from their son, Ellis B. Hayden, telling of the radio phone which he has recently installed in his home at Detroit, Mich., and of the splendid programs he and Mrs. Hayden enjoy every day and night, sent out by the Detroit News.

Mr. Hayden says that he has the "radio germ" very badly and believes in the very near future many homes will be equipped with radio phones, giving families an opportunity to hear excellent programs around their own firesides. Mr. Hayden is a graduate in Electrical Engineering from the University of Kentucky, and has made rapid strides in his profession since locating in Detroit.

ANOTHER FINE STALLION COMING TO BOURBON

Breeders of thoroughbreds in Kentucky will be glad to hear that another good stallion is to stand in Bourbon county this season. Arthur B. Hancock, of Paris, announces that he has concluded arrangements with A. K. McComber, owner of Star Hawk, for the shipment of his good horse to Claiborne Stud Farm, near Paris.

Star Hawk is a son of Sunstar and Sweet Finch, a full sister to Cunard, another illustrious sire, Startle, which was considered one of the best two-year-olds of 1921, is a daughter of Star Hawk. Startle is the property of H. H. Hewitt, and is practically certain to be one of the choices for the Kentucky Derby.

MAKING A "LIVE" TOWN

(Business men of Shiloh, O., have started a movement to have a newspaper established there.—News Item.)

Fine business! Great! But have those same business men made up their minds to adequately support the paper when they get it? Or do they merely intend "to help the paper" with their advertising? Adequate support is as different from "help the paper" as chalk is from cheese. Adequate support means a live town, but "help the paper" means a half-dead or dead town.

A newspaper adequately supported is a better paper and has more readers to read their advertisements. A newspaper adequately supported, and therefore, financially able to be "alive," advertises their town far and wide as a "live" town, which gives it the reputation of being a better business place. An adequately supported paper brings strange people and strange trade to the town. Thus the merchant's money spent in advertising helps him in three different ways.

A business man, financial man, or manufacturer from afar knows how to find out if a town is "live" without visiting it. He merely buys a few copies of its local paper.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (adv-T)

**MADE FROM THE
MILDEST CLEANSERS**

Palmolive contains Palm and Olive oils. These oils were the cosmetic cleansers used by Cleopatra and kept her skin fresh, smooth and youthful.

Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing finer, milder or more beneficial for the toilet than Palm and Olive oils.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness. But unless you cleanse the pores thoroughly every day with soap and water, blackheads, pimples and other blemishes are sure to result.

Some persons imagine that soap is too harsh for the face. They should try Palmolive. Its mild, smooth creamy lather, when massaged into the skin cleanses without the slightest irritation.

You can buy Palmolive Soap at all first class groceries and drug stores.

LOUISVILLE'S BIG FASHION SHOW AND EXPOSITION, MAR. 31 TO APR. 8

The Most Gorgeous Fashion Pageant
Ever Staged In the South

Stunning Models, Professional Theatrical
Attractions, And Fashion
Shops of Rare Beauty

Reading left to right—Edna De Worth, Harriett McGrath, Lucile White and Marie Lane, four of the most charming of the professional models.

Louisville's big armory will be transplanted into a veritable city of fashion when "Paris on Parade", Louisville's style show and exposition, takes place the week of March 31 to April 8. Eighty-four of the city's biggest and liveliest merchants will exhibit and they will not only have smart shops representing the shops of Paris in which to display the newest of spring fashions, but half of that number will be represented by special models who will promenade the boulevards of this make-believe city in the smartest of spring attire. Men as well as women will be represented in this distinguished group who will be brought from New York and Chicago. Over fifty professional models will take part in these daily parades. They will be under the direction of Miss Josephine Lehr, who is recognized as one of the leading fashion models in America. Leo Hawes, who won fame last year in his draping acts, will be on the programs this year and he will give several acts in which he will drape on the figures the most beautiful gowns from a few strips of material. Miss Flo Dillion, of New York, said to possess a perfect thirty six, will be one of his models. One of the big professional acts

which will be brought to Louisville especially for the style show is Ernie Young's Frolics of 1922, which will come directly from Marigold Gardens in Chicago where these famous players have been for several months. It is said to be one of the most elaborate musical revues on the road and several stars are included in the cast.

Another of the big attractions will be the bathing beauties' parade where paraphernalia will be exhibited.

The children's section will also be of particular interest for each day the big show will be opened with the promenade of child models ranging in ages from two to sixteen years.

The decoration of the big armory will be the most elaborate ever produced in Louisville. The big drill hall will be converted into a French city with its beautiful moon, twinkling stars, its boulevards, its Eiffel's tower, its arch de triumph, its frach flower girls and its gendarmes, exact reproductions of the original city of fashion. Preparations are being made to entertain over 100,000 people during the course of the eight days of the show and every indication is that the mammoth show will surpass last year's pageant in every way.

KENTUCKY CROP AND LAND VALUE REPORT, MARCH, 1922

The March report issued by the U. S. Bureau of Markets and Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna, shows that the average values of improved farm lands in Kentucky have fallen to about two-thirds what they were March 1, 1920, and that on March 1, 1922, Kentucky farmers held about 83 per cent. of their previous 5-year average amount of corn, 78 per cent. of their 5-year average amount of oats. The carry-over of corn and oats March 1, 1921, from the 1920 crop was large, but these crops in Kentucky in 1921 were much smaller than the 1920 crops.

The average amount of corn on Kentucky farms March 1, 1917 to 1921 inclusive, has been about 40,647 bushels, and of oats about 2,001,000 bushels. Of last year's Kentucky corn crop 41 per cent (or 33,682,000 bushels) still was held by farmers March 1, 1922, compared to 50 per cent of the 1920 crop (or 50,844,000 bushels) on farms March 1, 1921. About 12 per cent of Kentucky's 1921 wheat crop (or 761,000 bushels) was held on farms March 1, 1922, compared to 15 per cent of the 1920 crop (or 900,000 bushels) on farms March 1, 1921. Of the 1921 Kentucky oats crop farmers held 26 per cent (or 1,447,000 bushels) held on farms March 1, 1922. Kentucky farmers' holdings of barley (nearly all of which is grown in a few Blue Grass counties, was about the same (14,000 bushels) March 1, 1922, and March 1, 1921, about 10 per cent of the previous year's crop being held on farms March 1, both years.

Average land values, according to reports from farmers and others throughout Kentucky, have fallen from \$85,000 per acre average for improved farms March 1, 1920, to \$57,000 average March 1, 1922, and from \$62,000 average for unimproved farm lands March 1, 1920, to \$42,000 average March 1, 1922. The average value per acre reported this spring for poor plow land is \$28.00 compared to \$42.00 two years ago;

good plow land \$67.00 compared to \$95.00 two years ago; and the average of all grades of plow land \$47.00 compared to \$70.00 March 1, 1920. As there have been comparatively few sales during the last several months these estimated values are based partly on previous sales and on this year's valuations being, therefore, largely estimates.

THREE-LEGGED OFFSPRING

((Harrodsburg Herald))

A three-legged calf, perfectly normal otherwise, is the unusual possession of John Wright, a farmer of Cox's Creek section of Nelson county. Two weeks ago there was born to old "Roan," the old milk steady, the odd-looking child. At first the mother refused to claim kinship, but most cordial terms have since been effected and now the youngster seems to be the mother's favorite son. Perfectly normal in all other respects the calf is as playful as its kind and frisks about with rapid locomotion. Although old "Roan" has become reconciled to her curious offspring, the other animals seem to regard it with disfavor.

GERMAN DEAD TO STAY

Soldiers Buried in Foreign Soil
May Not Be Moved.

Cost of Taking the Bodies Home From
Belgium and France Is Considered
Prohibitive—Graves Are Being
Cared For.

Berlin.—German soldiers who died and were buried on Belgian and French battlefields probably will remain on foreign soil, on account of the cost entailed in bringing them home. This is indicated in statements by the official bureau intrusted with the work of helping relatives to identify the dead and arrange for the transportation of their bodies to Germany.

Although negotiations with France and Belgium for the removal of the bodies were concluded weeks ago, not one German soldier has been exhumed for the journey home, despite the fact that thousands of inquiries have been made by relatives.

Told that they must bear the cost of exhuming and transportation, which from France amounts to 30,000 marks, they turn away, for that sum is now a large fortune to the average German. Consequently, sentiment is growing to allow the German soldier dead to rest on the field where they were buried or in the French or Belgian cemeteries to which they have been transferred.

The information that the French are carefully tending these burial places and, where possible, marking the individual graves with crosses and names, also has tended to allay the feeling that these dead should not remain in a strange land.

Under the stipulations agreed upon, none of the three governments assumes responsibility for mistakes, and the relative must give a guarantee of identity before permission is granted for removal, which in the majority of cases is very difficult.

Even those relatives who can not or do not desire to bring the dead soldier back to the Fatherland are seeking to establish the identity of the fallen, and the bureaus opened in Prussia, Bavaria, Saxony and Wuerttemberg to help them, are swamped with inquiries.

6,000,000 CHINESE STARVING

Unprecedented Floods Wipe Out Large
Share of Rice Crop in Three
Provinces.

Shanghai, China.—More than 6,000,000 people are facing starvation in the provinces of Kiangsu, in which Shanghai is located, and in Chekiang and Anhwei, according to estimates. Unprecedented floods, which wiped out 20 per cent of the rice crop in these districts, are blamed for the shortage of food.

The prospective famine of 1922 follows that of 1921. The China international famine relief commission says that "several millions more were collected in 1921 in government famine surtaxes than were expended by the government on famine relief."

AIR WAR ON RUM SMUGGLERS

Prohibition Officials Are Planning Use
of Planes to Stop Florida
Invasion.

Washington.—Use of airplanes along the Florida coast in the war on rum smugglers was understood to be under consideration by prohibition headquarters.

Plans for the use of airplanes against rum runners were understood to be part of a gigantic program being worked out by prohibition authorities involving activities in the air, on the water and on land to stem the tide of illicit liquor flowing into the country from West Indian and other islands.

Commissioner Haynes and other high prohibition officials refused to disclose details of the anti-smuggling campaign.

AN EDUCATED HORSE

(Danville Advocate)

Mr. D. C. Tucker, the local stock dealer, has an educated horse that is worth while. Monday afternoon Mr. Tucker was driving a drove of cattle up Main street. At the postoffice he stopped a few minutes to enter for his mail. When he returned both the cattle and horse had disappeared. Inquiry brought the information that the cattle had suddenly become panic stricken and fled with the horse in hot pursuit. Mr. Tucker also pursued with his usual alertness. It was discovered that the horse had outran the cattle and was bringing them back to the postoffice in a way that would have almost put Mr. Sam Johnson to shame. Quite a number of very prominent people witnessed this remarkable evidence of superb education exhibited by Mr. Tucker's horse. The cattle had gotten to Maple avenue before they were finally overtaken.

BROUGHT CHURCH WITH HIM

(Courier-Journal)

When the Rev. J. B. Robinson, archdeacon of Western Kentucky, arrived in Louisville to attend the ninety-fourth annual council of the Episcopal Diocese of Kentucky, he had the novelty of bringing in the only Episcopal church on wheels in America. Last summer the Rev. Mr. Robinson, with the consent of Bishop Woodcock, designed a church on wheels to be used in the remote sections of the State, and on acceptance of the plan he went to St. Louis to superintend the building of his future home. In September he drove the car through to Paducah and since that time he has been moving about in the southwestern part of the State holding services by day and sleeping in his church by night.

Russian peasants frequently sleep with their cows.

CLASSICAL ASSOCIATION MEETS IN LEXINGTON, APRIL 28-29

The third annual meeting of the Kentucky Classical Association will be held in Lexington, April 28-29. Sessions of the association will be held Friday afternoon and evening and Saturday morning. Social affairs and a visit to the historic library at Transylvania, where old volumes, many of which are in Latin, will be examined by the delegates will be a few of the features of the meeting.

The Kentucky Classical Association was organized three years ago to improve and encourage the teaching of classics in schools, to afford a clearing house of ideas and information on the teaching of the classics and to promote an annual Latin tournament among high school pupils of the State. Two meetings of the association have already been held, the first in Paris in 1920 and the second in Richmond in 1921. This year the meeting will be in Lexington and a great number of teachers of the classics are expected to be present for the sessions.

Some of the unusual features arranged for the meeting include a classical play, staged by the Senior High School, under the direction of Miss Mary Wood Brown, head of the Department of Latin in the High School; an address by Dr. Mason D. Gray, of East High School, Rochester, N. Y., one of the special investigators in classical survey; and an address by Dr. H. C. Tolman, head of the department of Greek and dean of Vanderbilt University, Nashville, Tenn. Dr. Tolman's lecture will be on "The Parthenon, Gem of Greek Architecture," and will be illustrated.

GIRLS MARRY YOUNG

14,834 Wed at Age of 15 in 1920, Says Census Bureau.

Special Analysis of Marital Statistics Reveals Some Interesting Facts—Figures Show Gain in Marriage of Boys.

Washington.—Sixteen hundred boys and 14,834 girls, fifteen years of age, in the United States were listed as married in 1920, the census bureau announced in a statement presenting a special analysis of marital statistics. Eighty-two boys and 400 girls of the same age were recorded as widowed or divorced.

The analysis revealed a distinct increase during the recent years or since the 1910 census in the percentage of married persons for each year of age from fifteen to thirty-four, especially among the younger members of this group. The age group from thirty-five to forty-four, inclusive, also showed an increase in the ratio of married persons in the decade, although less pronounced, especially among the women, while the proportion for persons forty-five years of age and older showed a decrease.

In 1920, the figures show, 3,222 boys of sixteen years, or 3-10 of 1 per cent of the total of that age, compared with 1-10 of 1 per cent of the total of that age in 1910, were married, while those seventeen years of age married numbered 7,600, or 8-10 of 1 per cent of the total of that age, compared with half that proportion ten years previously.

The number of married at eighteen years of age increased from 13,321, or 1-4 per cent of the total male population at that age, in 1910, to 24,944, or 2-7 per cent of the corresponding total in 1920; the number married at nineteen years of age increased from 33,566, or 3-8 per cent, to 58,900, or 6-5 per cent; the number twenty years of age increased from 12-5 per cent, and the number twenty-one years of age increased from 15-2 per cent, to 19-6 per cent, or 21 per cent.

The number of married girls sixteen years of age increased from 34,829, or 3-7 per cent of the total female population at that age in 1910, to 41,626, or 4-2 per cent of the corresponding total in 1920; the number married at seventeen years of age increased from 76,683, or 8-7 per cent, to 90,930, or 9-8 per cent; the number eighteen years of age increased from 166,460, or 17 per cent, to 186,645, or 19-2 per cent, and the number nineteen years of age increased from 224,976, or 25-7 per cent, to 264,507, or 28-6 per cent.

The statistics showed the number of single persons more than fifty years of age was 1,440,514, including 804,406 men and 636,108 women.

POLAND ACTS TO END TYPHUS

National Congress Plans Country-Wide Campaign Based on American Model.

Warsaw.—A vigorous campaign to check the spread of typhus is expected to result from the meeting here of the first Polish national congress of hygienists and sanitarians. A country-wide health campaign based on the American model will be organized.

American relief organizations are assisting the government in caring for the thousands of typhus infected Polish refugees who are flocking across the border.

Log Yields 16,000 Feet.

Hoquiam, Wash.—An enormous spruce log, ten feet in diameter, believed the largest ever cut in this section, recently was sawed into 16,000 board feet of lumber here.

When first put on the saw the big log broke the mill machinery and was not cut until repairs were made.

Some time ago a larger log was brought here, but no mill would tackle it and it was placed in a Hoquiam park for exhibition purposes.

DRAGGING IN MR. WILSON

(New York World)
The bi-weekly yarns from Washington about Mr. Wilson's intervention in the treaty controversy read like the inspired work of a Republican Senator. The Senatorial mind is much like the subconscious mind that the psychoanalysts talk about. It reveals itself mainly in dreams, and Woodrow Wilson is the subject of a great part of this Senatorial dreaming.

Mr. Baruch emphatically denies the latest story that he is a sort of liaison officer between Mr. Wilson and Senator Borah, and Mr. Baruch's statements coincide with The World's information. According to Mr. Wilson's closest friends, he has not even made up his mind about the four-power treaty, much less entered into a campaign against it.

If Mr. Wilson wished to oppose the treaty it is certain that he would never find it necessary to engage outside service. He has always shown considerable talent in the expression of his own opinions, and if there were anything that he wanted to say about the four-power treaty he would be quite likely to say it. The public would not be under the necessity of obtaining his views second hand through the Senate.

However, the Republican leaders of the Senate decided long ago that Mr. Wilson ought to lead the fight against the treaties in order that they could insist that he was the real issue, and they will never be reconciled to his policy of systematic silence.

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgrow" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgrow" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. (T-17)

McCLINTOCK

—Mrs. Nannie Dudley McClintock, aged eighty, one of the best-known women in Bourbon county, died at her home in the Pinecrest Apartments yesterday morning at eight o'clock, after a long illness due to a complication of diseases.

Mrs. McClintock was a native of this county, being born at the old home near Stony Point. She was a daughter of the late Rev. and Mrs. Eldred Dudley, her father being one of the most prominent ministers of the Baptist church in his day. She was the widow of Joseph McClintock, Bourbon county farmer, who preceded her to the grave many years ago. About 1890 Mrs. McClintock, with her sister, Miss Rebecca

Dudley, whose death occurred a few weeks ago, moved to Paris, to the home on Higgins avenue, now owned by James Woodford, where she resided several years.

Mrs. McClintock is survived by fine Christian character, one whom everyone liked and whose friends were legion. She was every ready to minister to the sick and needy, and her religion was a life devoted to the services of others.

The funeral will be held at the four daughters, Mrs. Ben F. Bedford, of Paris, Mrs. Frank L. Lapsley, of Shelbyville; Misses Nannie McClintock, of Paris, and two nephews, Dr. William Dudley, of near Paris, and Eldred Dudley, of Covington, Shelbyville; Misses Nannie McClintock, residence, at 2:30 o'clock, to-morrow (Wednesday), afternoon. Services will be conducted by Rev. Arthur Fox, pastor of the Paris Baptist church. The interment will follow in the family lot in the Paris Cemetery. The pall-bearers will be: E. S. Dudley, Wm. K. Dudley, John McClintock, Chas. N. Fithian, Claude Spears, Carey Ward, Robert Ward, Chas. Gager.

DALZELL

—Following an illness of several months, Frances Dalzell, eleven-year old daughter of Mr. and Mrs. Hollis Dalzell, died at the Massie Memorial Hospital, in this city, Friday afternoon.

While playing at the Millersburg High School, where she was a student, the little girl suffered a fall from a see-saw, bruising her knee, which became infected, resulting in her death.

Besides her parents she is survived by two sisters, Helen and Edith Dalzell, and one brother, Kenneth Dalzell.

The funeral was held Saturday afternoon at 1:30 o'clock, at the home of C. H. Dalzell, on the Maysville pike, near Paris, with services conducted by Rev. Frank M. Tindler, pastor of the North Middletown Christian church. The interment took place on the family lot in the Carlisle Cemetery.

The pall-bearers were the following young friends of the little girl: Gay Nell Bodkin, Lillian Potts, Ruby Hill, Marie Feedback, Rebecca Ward and Edna Wagoner.

HAZELRIGG

—Martha Jane Hazelrigg, eight-months-old daughter of Mr. and Mrs. Robert H. Hazelrigg, died yesterday morning at four o'clock, at the family home on Twelfth and Cypress streets, after a short illness. Besides her parents, she is survived by three brothers, Charles, Roy and Robert Hazelrigg, and one sister, Evelyn Hazelrigg.

The funeral will be held at the family home at 2:30 o'clock this (Tuesday) afternoon, with services conducted by Rev. W. E. Ellis, pastor of the Christian church. The burial will take place on the family lot in the Paris Cemetery.

WILLIAM S. HART "O'Malley of the Mounted"

The smashing tale of a red-coated horseman who rode for the law on Canada's wild frontier. Rode on a lone hunt into the States—faced a felon's death—and goth his man! Then gripped his prisoner's hand, and stealing away into the night, returned to his chief—alone. Why? A story that races across the screen like a thousand galloping troopers. Quickens your blood like a blast from the North. Leaves you thrilled at the courage and love that can live in the human heart.

A Paramount Picture. See how the Royal Mounted works. See a real Western Rodeo.

FRAYSUR—HAM

—Rev. W. E. Ellis, pastor of the Paris Christian church, officiated at his residence, at the marriage of Charles Ham and Miss Anna C. Fraysur, both residents of Bourbon county. Mr. Ham is a son of Mr. and Mrs. Willis Ham, and the bride is a daughter of Mr. and Mrs. F. M. Fraysur, of near Paris.

FINKLE—EUROVE

—In a short time after Isaac Eurove, Paris junk dealer, met Miss Sarah Finkle, at her home in Cleveland, Ohio, Miss Finkle became Mrs. Eurove, and returned with her husband to this city, where they have gone to housekeeping.

Mr. Eurove and his future bride became acquainted on the occasion of Mr. Eurove's visit to the Finkle home. Mr. Eurove and Miss Finkle's father, were old friends. While Miss Finkle prepared dinner the subject of matrimony was discussed between the two men. After the dinner Mr. Eurove proposed, and Miss Finkle accepted him for a life partner. A license was secured and a rabbi performed the ceremony.

The entire proceedings, from the time Mr. Eurove met Miss Finkle, until the ceremony making the host's daughter Mrs. Eurove occupied about two hours.
